TWO COMMUNITIES.
Real numbers.

Every number comes from the client, public reporting, or the ad accounts and social reports we ran, and each page says which. Quotes are the client's own words.

GROVE *Central.*

402 units above a Metrorail station, opened January 2024, workforce and co-living units included. Developed by Terra and Grass River Property; managed by Greystar.

"Our two highest-performing lease-ups are Metro Edgewater & Grove Central. Neither used apartments.com 'Diamond Plus,' and SEM spend was south of $7,000 at both. The only thing those two properties have in common is they use THOMAS."

REGIONAL MARKETING LEAD · GREYSTAR SOUTH FLORIDA PORTFOLIO

We ran content and social from before the doors opened, plus a small paid layer. The same team shot the property, cut the ads and watched the lead reports, so a weak ad was replaced the same day from footage already in hand.

LEASED IN MONTH ONE	LEADS, ADS WE RAN	COST PER LEAD	IMPRESSIONS

Sources: 402 units, public reporting. Leased, leads, CPL, impressions: THOMAS measurement in the ad accounts we operated. Greystar: SEM south of $7,000 at both Grove Central and Metro Edgewater, $0 on Diamond Plus. Full story: jamesthomasphoto-rgb.github.io/thomas-sales-kit/THOMAS-Grove-Central-White-Paper.pdf

METRO *Edgewater.*

Greystar handed us Metro Edgewater's social in May 2023. We led with the neighborhood, not the building: reels and posts about living in Edgewater, plus a small paid layer feeding lead forms.

In two months the Instagram grew by more than 1,500 followers, and the ads we ran brought leads in for a few dollars each.

"I have used Thomas Productions at several lease ups and seen immediate and cost effective results."
